ABOUT ME

Aspiring Front-End Developer and Graphic Designer with skills in HTML, CSS, JavaScript fundamentals, and Canva Pro. Experienced in creating website layouts and visual designs, including logos, posters, wedding cards, and promotional materials. Eager to learn, improve, and contribute to creative projects.

PRACTICAL EXPERIENCE

Front-End Web Development

Created website layouts using HTML and CSS, with basic JavaScript knowledge for interactive features.

Website Design & Styling

Designed clean page layouts, navigation, and responsive styling to improve website usability and appearance.

Graphic Design & Visual Content

Created concept designs for logos, wedding cards, posters, pamphlets, and promotional banners using Canva Pro.

CAREER OBJECTIVE

To gain practical experience in web development and graphic design while continuously improving my technical and creative skills.

KEY STRENGTHS

- Creative Thinking
- Attention to Detail
- Quick Learning
- Problem Solving
- Time Management
